

## Jigsaw PSHE (Personal, Social, Health Education) Policy

Name of school :	The Grange Primary School
Date of policy:	September 2020

### Introduction

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

An amendment to the Children and Social Work Act 2017 made **Relationships and Health Education** at primary; and Relationships, Sex, and Health Education at secondary, statutory subjects. The DfE guidance on Relationships, Health and Sex Education for governing bodies can be seen [here](#).

From September 2020, the Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education and Relationships and Sex Education (RSE) compulsory for all pupils receiving secondary education. They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools.

We are confident that the Jigsaw Programme covers all aspects of Relationships and Sex Education and Health Education in an age-appropriate way. Should changes to these curriculum areas occur in the future, Jigsaw will provide its schools with materials to ensure all statutory duties are fulfilled.

This Jigsaw PSHE policy is also informed by DfE guidance on

- [Relationships Education, Relationships and Sex Education \(RSE\) and Health Education](#) (February 2019)
- [Preventing and tackling bullying](#) (Preventing and tackling bullying: Advice for head teachers, staff and governing bodies, July 2013, updated 2017)
- [Drug and Alcohol Education](#) (DfE and ACPO drug advice for schools: Advice for local authorities, headteachers, school staff and governing bodies, September 2012)
- [Safeguarding](#) (Working Together to Safeguard Children: A guide to inter-agency working to safeguard and promote the welfare of children, March 2013 [Keeping Children Safe in Education, 2018](#))
- [Equality](#) (Equality Act 2010: Advice for school leaders, school staff, governing bodies and local authorities, revised June 2014). Schools should pay particular attention to the [Public sector equality duty \(PSED\)](#) (s.149 of the Equality Act).
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [SEND code of practice](#): 0 to 25 years (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on cyberbullying)
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).
- [National Citizen Service](#) guidance for schools

The Jigsaw Programme meets all the outcomes in the PSHE Association Programmes of Study, 2017, see **Appendix 1**.

## **Aim of the Jigsaw PSHE policy**

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

In our school we choose to deliver Personal, Social, Health Education (including Relationships Education, Relationships and Sex Education (RSE) and Health Education) using Jigsaw, the mindful approach to PSHE.

### **Objectives/Pupil learning intentions:**

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

## **Relationship and Sex Education (RSE)**

### **Definition of Relationships, Sex and Health Education (RSHE)**

From September 2020, Relationships Education is compulsory for all primary schools as set out in the DfE Guidance (2019). For all maintained schools there is also a statutory duty to provide Health Education. This includes primary aged children learning about the *'changing adolescent body'*, included in the expected outcomes for primary Health Education. (Relationships Education, Relationships and Sex Education, and Health Education, DfE, 2019).

All primary schools are legally obliged to have an up-to-date policy for Relationships and Sex Education (RSE) that describes the content and organisation of RSE. In primary schools if the decision is taken to teach sex education beyond Relationships and Health Education and National curriculum Science, this should also be documented in the policy. The policy should be made available to parents/carers on request and also available on the school's website. It is the school governors' responsibility to ensure that the policy is developed and implemented effectively.

Effective Relationships and Sex Education can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables children and young people to make responsible and informed decisions about their health and well-being. This is why the DfE recommend:

*"... that all primary schools should have a sex education programme tailored to the age and the physical and emotional maturity of the pupils. It should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born."* (Relationships Education, Relationships and Sex Education, and Health Education, DfE, 2019, para 67).

### **Compulsory aspects of Relationships, Sex and Health Education.**

End of primary expectations and curriculum content is given in the [Relationships Education, Relationships and Sex Education, and Health Education DfE guidance \(2019\)](#). It is up to schools to determine how this is taught as part of a broad and balanced curriculum. Where a school delivers

this as part of a whole programme of PSHE, such as Jigsaw, they are free to continue with this approach.

The sex education contained in National Curriculum science (Key Stages 1–4) is compulsory in maintained schools.

- 'All children, including those who develop earlier than average, need to know about puberty before they experience the onset of physical changes' (1.13)
- Children should learn 'how a baby is conceived and born' before they leave primary school (1.16)

RSHE plays a very important part in fulfilling the statutory duties all schools have to meet. RSHE helps children understand the difference between safe and abusive relationships and equips them with the skills to get help if they need it. It also teaches them about the importance of a healthy lifestyle and positive mental health, about online and off line safety. Schools have responsibilities for safeguarding and a legal duty to promote pupil well-being (Education and Inspections Act 2006 Section 38).

- Sex and Relationships Education (SRE) is an important part of PSHE Education (DfE, 2014).
- When any school provides RSE they must have regard to the Secretary of States guidance; this is a statutory duty. Ofsted will evaluate how schools help to ensure a healthy lifestyle for their children (Ofsted, 2019, Education Inspection Framework Para 28).
- It is compulsory for all maintained schools to teach the parts of sex education that fall under National Curriculum Science which must be taught to all pupils of primary and secondary age e.g. the biological aspects of puberty and reproduction (Education Act 1996, National Curriculum 2014).

### **Withdrawal from RSE lessons**

Parents/carers have the right to withdraw their children from Sex Education provided at school except for those parts included in statutory National Curriculum Science and that included within Statutory Relationships and Health Education. We aim to provide an open and inclusive curriculum which can be taught to all pupils, therefore we don't anticipate any requests for withdrawal. However, should such a situation arise, parents must seek the right to withdrawal formally in writing. We will then follow the procedure in place to deal with the request which will begin with offering parents the opportunity to speak with the PSHE team and gain a better understanding of the curriculum that we offer.

Once a child has been withdrawn they cannot take part in the **specific sex education lessons** until the request for withdrawal has been removed. **Parents and carers cannot withdraw from any aspect of Relationships Education and also in maintained schools, Health Education lessons covering the changing adolescent body (puberty).**

### ***What does the new Relationships Education cover?***

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The new guidance states that by the end of primary school all children should know: 'how to report concerns or abuse, and the vocabulary and confidence needed to do so'.

The new guidance states that Relationships Education should promote equal, safe and enjoyable relationships and be taught in a way which fosters LGBT and gender equality, in line with the Equalities Act 2010.

### ***What is covered in sex education?***

In the new guidance, the DfE continues to recommend that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils'. Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

Health Education will be mandatory in all primary schools in England (except Independent Schools who have separate requirements on PSHE education as per the Independent Schools Standard) from September 2020. Health Education includes a section for primary and secondary schools on puberty, the changing adolescent body, menstrual wellbeing and the menstrual cycle.

Relationships Education, Health Education, science and sex education work together to protect children by ensuring they have knowledge of their bodies, the human life-cycle, emotions, acceptable behaviour and right and wrong.

Effective RSE can make a significant contribution to the development of the personal skills needed by pupils if they are to establish and maintain relationships. It also enables children and young people to make responsible and informed decisions about their health and well-being.

RSE makes an important contribution to health and well-being by supporting children and young people's ability to learn, achieve and flourish.

*"The right to education includes the right to sexual education, which is both a human right in itself and an indispensable means of realising other human rights, such as the right to health, the right to information and sexual and reproductive rights."*

Report to the UN General Assembly - July 2010 | Item 69, paragraph 18

RSE has clear links with other school policies aimed at promoting pupils' spiritual, moral, social and cultural development, including the:

- Anti-Bullying Policy
- Behaviour Policy
- Confidentiality Policy
- Drug and Alcohol Education Policy
- Equal Opportunities Policy
- Health and Safety Policy
- ICT Policy and Safe Internet Use Policy
- Inclusion Policy
- RE Policy
- Safeguarding/Child Protection Policy
- SMSC Policy
- Special Educational Needs Policy

***Jigsaw RSE Content see Appendix 2.***

### **Sex Education in Primary schools – what should be included and how does Jigsaw provide the solution?**

The Relationships Education, RSE, and Health Education (England) Regulations 2019 have made Relationships Education compulsory in all primary schools. Sex education is not compulsory in

primary schools and the content set out in the DfE guidance therefore focuses on Relationships Education. **See Appendix 3.**

### **Physical health and mental well-being education in Primary schools – what should be included and how does Jigsaw provide the solution?**

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health. **See Appendix 4.**

## **Drug and Alcohol Education**

Definition of 'Drugs':

This policy uses the definition that a drug is: 'A substance people take to change the way they feel, think or behave' (United Nations Office on Drugs and Crime). The term 'Drugs' includes

- All illegal drugs
- All legal drugs including alcohol, tobacco and volatile substances which can be inhaled
- All over-the-counter and prescription medicines

Effective Drug and Alcohol Education can make a significant contribution to the development of the personal skills needed by pupils as they grow up. It also enables young people to make responsible and informed decisions about their health and well-being.

### **Moral and Values Framework**

The Drug and Alcohol Education programme at our school reflects the school ethos and demonstrates and encourages the following values. For example:

- Respect for self
- Respect for others
- Responsibility for their own actions
- Responsibility for their family, friends, schools and wider community

***Jigsaw Drug and Alcohol Education Content see Appendix 5***

## **Policy fundamentals**

### **How is Jigsaw PSHE organised in school?**

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals (see Appendix 1)

Each Piece has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children's needs today); and one is based on emotional literacy and social skills development to enhance children's emotional and mental health. The enhancements mean that Jigsaw, the mindful approach to PSHE,

is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

### **Differentiation/SEND**

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. Teachers will need, as always, to tailor each Piece to meet the needs of the children in their classes. To support this differentiation, many Jigsaw Pieces suggest creative learning activities that allow children to choose the media with which they work and give them scope to work to their full potential. To further help teachers differentiate for children in their classes with special educational needs, each Puzzle includes a P-level grid with suggested activities for children working at each of those levels. Schools need to demonstrate how delivery of the content will be made accessible to all pupils, including those with SEND. Schools should be aware that some pupils are more vulnerable to exploitation, bullying and other issues due to the nature of their SEND. Relationships Education and RSE can also be particularly important subjects for some pupils; for example, those with Social, Emotional and Mental Health needs or learning disabilities. Such factors should be taken into consideration in designing and teaching these subjects. In special schools and for some SEND pupils in mainstream schools there may be a need to tailor content and teaching to meet the specific needs of pupils at different developmental stages. As with all teaching for these subjects, schools should ensure that their teaching is sensitive, age-appropriate, developmentally appropriate and delivered with reference to the law.

### **Safeguarding**

Teachers need to be aware that sometimes disclosures may be made during these sessions; in which case, safeguarding procedures must be followed immediately. Sometimes it is clear that certain children may need time to talk one-to-one after the circle closes. It is important to allow the time and appropriate staffing for this to happen. If disclosures occur, the schools safeguarding policy is followed.

In teaching Relationships Education and RSE, schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure that they comply with the relevant provisions of the Equality Act 2010, (please see The Equality Act 2010 and schools: Departmental advice), under which sexual orientation and gender reassignment are amongst the protected characteristics.

Schools should ensure that all of their teaching is sensitive and age appropriate in approach and content. At the point at which schools consider it appropriate to teach their pupils about LGBT, they should ensure that this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum.

Updated government safeguarding guidance is now available ([Keeping Children Safe in Education, 2019](#)) and includes a section about being alert to signs that young girls may be at risk of female genital mutilation (FGM). School summer holidays especially during the transition from primary to secondary schools is thought to be a key risk time for FGM. See also the government [Multi-agency practice guidelines: Female Genital Mutilation \(2016\)](#) which includes a section for schools.

## **Equalities**

The Equality Act 2010 covers the way the curriculum is delivered, as schools and other education providers must ensure that issues are taught in a way that does not subject pupils to discrimination. Schools have a duty under the Equality Act to ensure that teaching is accessible to all children and young people, including those who are lesbian, gay, bisexual and transgender (LGBT). Inclusive RSE will foster good relations between pupils, tackle all types of prejudice – including homophobia – and promote understanding and respect. The Department for Education has produced advice on The Equality Act 2010 and schools (DfE, 2014b).

Schools have a legal duty to promote equality (Equality Act, 2010) and to combat bullying (Education Act, 2006) (which includes homophobic, sexist, sexual and transphobic bullying) and Section 4.2 of the national curriculum (2014) states “Teachers should take account of their duties under equal opportunities legislation that covers race, disability, sex, religion or belief, sexual orientation, pregnancy and maternity, and gender reassignment.”

## **Assessment, Recording and tracking progress**

To support the teacher in tracking each child’s Jigsaw Learning progress throughout the year, work will be recorded in Thinking books, and there is an overview sheet for each child: ‘My Learning Progress This Year.’ This sheet has the three attainment descriptors for each Puzzle (Puzzles 2-6). After each assessment task, the teacher, using a best-fit approach, decides whether the child is working at, towards or beyond and highlights the appropriate descriptor box on that child’s overview sheet. There is also space for the teacher’s comments. This sheet gives a quick visual representation of where the child is in each Puzzle.

## **The Attainment Descriptors**

Please be aware that these attainment descriptors are specific to Jigsaw and to year groups. They are designed to give guidance when considering each child’s learning journey. They are **not** nationally-recognised. There are no national level descriptors for PSHE.

The Jigsaw philosophy is that children are praised and their achievements celebrated in every Piece. It demands a positive relationship between the teacher and the children which, in itself, values and celebrates each individual. Appropriate time is allocated for this process.

## **Monitoring and evaluation**

The PSHE co-ordinator will monitor delivery of the programme through observation and discussion with teaching staff to ensure consistent and coherent curriculum provision.

Evaluation of the programme’s effectiveness will be conducted on the basis of:

- Pupil and teacher evaluation of the content and learning processes
- Staff meetings to review and share experience

## **Reporting to Parents/Carers**

Each Puzzle’s assessment task and attainment descriptors assist the teacher in reporting meaningful learning progress to parents/carers. The descriptors can be used as a starting point when considering what to write on children’s reports.

## **External contributors**

External contributors from the community, e.g. health promotion specialists, school nurses, social workers, and community police and fire officers, make a valuable contribution to the Jigsaw PSHE

programme. Their input should be carefully planned and monitored so as to fit into and complement the programme.

Teachers MUST always be present during these sessions and remain responsible for the delivery of the Jigsaw PSHE programme.

### **The Learning Environment**

Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital. To enable this, it is important that 'ground rules' are agreed and owned at the beginning of the year and are reinforced in every Piece – by using The Jigsaw Charter. (Ideally, teachers and children will devise their own Jigsaw Charter at the beginning of the year so that they have ownership of it.) It needs to include the aspects below:

The Jigsaw Charter

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive
- We respect each other's privacy (confidentiality)

### **Teaching Sensitive and Controversial Issues**

Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

Teachers will take all reasonable, practical steps to ensure that, where political or controversial issues are brought to pupils' attention, they are offered a balanced presentation of opposing views. Teachers will adopt strategies that seek to avoid bias on their part and will teach pupils how to recognise bias and evaluate evidence. Teachers will seek to establish a classroom climate in which all pupils are free from any fear of expressing reasonable points of view that contradict those held either by their class teachers or their peers.

### **Answering Difficult Questions and Sensitive Issues**

Staff members are aware that views around RSE- and Drug and Alcohol Education-related issues are varied. However, while personal views are respected, all RSE and Drug and Alcohol Education issues are taught without bias using Jigsaw. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect that others have the right to a different opinion.

Both formal and informal RSE and Drug and Alcohol Education arising from pupils' questions are answered according to the age and maturity of the pupil(s) concerned. Questions do not have to be answered directly, and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Coordinator if they are concerned.

Our school believes that RSE and Drug and Alcohol Education should meet the needs of all pupils, answer appropriate questions and offer support. In Jigsaw Pieces that cover RSE provision, this should be regardless of their developing sexuality and be able to deal honestly and sensitively with

sexual orientation, answer appropriate questions and offer support. Homophobic bullying is dealt with strongly yet sensitively. The school liaises with parents/carers on this issue to reassure them of the content and context.

### **Girl's understanding of sanitary products and disposal in school**

As part of lessons on puberty girls will be made aware of the procedures in place for accessing and the safe disposal of sanitary products. The school is aware that period poverty can be an issue for some pupils, and will to the best of its ability ensure that girls have access to appropriate sanitary products during school time.

### **Involving parents and carers**

The Grange Primary School believes that it is important to have the support of parents, carers and the wider community for the Jigsaw PSHE programme. Parents/carers should be aware that schools are legally required to provide a broad and balanced curriculum. Sex and relationships topics can arise incidentally in other subjects, such as Science, Geography, History, RE, and it is not possible to withdraw pupils from these relatively limited and often unplanned discussions. Parents and carers are/will be given the opportunity to find out about and discuss the Jigsaw PSHE programme through:

- \* Parent/carer Jigsaw awareness session on request
- \* Parents'/carers' evenings
- \* Involvement in policy development
- \* Involvement in curriculum development
- \* Information leaflets/displays

### **Pupil Consultation:**

- It is useful for pupils to be consulted on their own personal, social and citizenship development. Ask pupils either in individual classes or through the school council what sort of person they would like to be by the time they leave this school; what qualities, skills, attitudes, values are important to them as people?
- Develop this further by asking pupils how they feel the school could support them with this, what initiatives the school could implement to support this e.g. friendship benches, peer mentoring systems.

### **Confidentiality and Child Protection/Safeguarding Issues**

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated safeguarding lead who takes action as laid down in the Child Protection and Safeguarding Policy. All staff members are familiar with the policy and know the identity of the member of staff with responsibility for Child Protection and Safeguarding issues. The child concerned will be informed that confidentiality is being breached and reasons why. The child will be supported by the teacher throughout the process.

### **Dissemination**

This policy is available on our school website where it can be accessed by the community. Training is regularly delivered to staff on the policy content.

### **Monitoring and Review**

The Curriculum Committee of the governing body monitors the RSE policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments

from parents about the sex education programme, and makes a record of all such comments. Governors require the headteacher to keep a written record, giving details of the content and delivery of the RSE programme that is taught in your school. Governors should scrutinise materials to check they are in accordance with the school's ethos. Parents and carers have the right to see sample materials used within the teaching of RHSE and can do so by prior appointment with a member of staff, or at any open evening the school chooses to hold about this curriculum area. As Jigsaw materials are copyrighted the school is not permitted to put teaching materials on the public facing website, or provide electronic copies of materials to parents and carers at home.

### ***The role of the headteacher***

It is the responsibility of the headteacher to ensure that staff and parents are informed about the RSE policy, and that the policy is implemented effectively. It is also the headteacher's responsibility to ensure that members of staff are given sufficient training, so that they can teach effectively and handle any difficult issues with sensitivity.

The headteacher liaises with external agencies regarding the school RSE programme and ensures that all adults who work with children on these issues are aware of the school policy, and that they work within this framework. The headteacher monitors this policy on a regular basis and reports to governors, when requested, on the effectiveness of the policy.

### **Above and beyond in PSHE**

The TGPS PSHE curriculum is implemented through effective whole school delivery of JIGSAW from FS1 to Y6. The aim of JIGSAW is:

“To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.”

As such, the P4C ethos is clearly connected to the above aims of the PSHE curriculum and will be promoted and embedded as part of the weekly JIGSAW sessions.

To supplement this, at The Grange, we also have:

Personal:

- Members of the School Council who are elected by their peers;
- British Values

Social:

- Mini mentors who support other pupils during play times;
- Dedicate time every week to complete team building activities;

Health:

- Extra curricular activities after school, including multi sports;
- Healthy packed lunch policy;
- Sports ambassadors who promote sports participation and encourage healthy lifestyles;

Economic:

- Enterprise lessons throughout the school;
- Career day for Year 6 pupils;

Emotional Literacy:

- Every classroom has a Worry Monster for pupils to place their worries and concerns;
- Every child selects 2 adults within school to be their Trusted Adults;
- Bubble time is available with an adult, as and when pupils want to talk about anything that concerns them;

Spiritual:

- Class assemblies take place every week;
- Special assemblies in Church as well as having visitors come into school to take assemblies.

This list is not exhaustive but all of these enable The Grange to go above and beyond the requirements of the National Curriculum in PSHE.

## Policy Review

This policy is reviewed annually.

## Appendix 1

### Relationship Education in Primary schools – what should be included and how does Jigsaw provide the solution?

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
<b>Families and people who care for me</b>	<ul style="list-style-type: none"> <li>● that families are important for children growing up because they can give love, security and stability.</li> <li>● the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.</li> <li>● that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.</li> <li>● that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.</li> <li>● that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Relationships</li> <li>● Changing Me</li> <li>● Celebrating Difference</li> <li>● Being Me in My World</li> </ul>

	<p>England and Wales. The ceremony through which a couple get married may be civil or religious).</p> <ul style="list-style-type: none"> <li>● how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.</li> <li>● about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help.</li> <li>● what a stereotype is, and how stereotypes can be unfair, negative or destructive.</li> <li>● the importance of permission-seeking and giving in relationships with friends, peers and adults.</li> </ul>	
<b>Online relationships</b>	<ul style="list-style-type: none"> <li>● that people sometimes behave differently online, including by pretending to be someone they are not.</li> <li>● that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.</li> <li>● the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them.</li> <li>● how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.</li> <li>● how information and data is shared and used online.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Relationships</li> <li>● Changing Me</li> <li>● Celebrating Difference</li> </ul>
<b>Being safe</b>	<ul style="list-style-type: none"> <li>● what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).</li> <li>● about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.</li> <li>● that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.</li> <li>● how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know.</li> <li>● how to recognise and report feelings of being unsafe or feeling bad about any adult.</li> <li>● how to ask for advice or help for themselves or others, and to keep trying until they are heard,</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Relationships</li> <li>● Changing Me</li> <li>● Celebrating Difference</li> </ul>

	<ul style="list-style-type: none"> <li>• how to report concerns or abuse, and the vocabulary and confidence needed to do so.</li> <li>• where to get advice e.g. family, school and/or other sources.</li> </ul>	
--	--	--

## Appendix 2.

### ***Jigsaw RSE Content.***

The grid below shows specific RSE content for each year group:

<b><i>Age</i></b>	
<b><i>4-5</i></b>	Family life; making friends; falling out and making up; being a good friend; dealing with bullying; growing up -how have I changed from baby to now; bodies (NOT including names of sexual parts); respecting my body and looking after it e.g. personal hygiene.

### Appendix 3

#### Sex Education in Primary schools – what should be included and how does Jigsaw provide the solution?

The grid below shows specific learning intentions for each year group in the ‘Changing Me’ Puzzle.

<b>Year Group</b>	<b>Piece Number and Name</b>	<b>Learning Intentions ‘Pupils will be able to...’</b>
<b>FS1/2</b>	Piece 3 Growing Up	D4 - Seek out others to share experiences. Show affection and concern for people who are special to them D6 - Explain own knowledge and understanding, and ask appropriate questions of others ELG - Show sensitivity to others’ needs and feelings
<b>1</b>	Piece 4 Boys’ and Girls’ Bodies	identify the parts of the body that make boys different to girls and use the correct names for these: penis, testicles, vagina  respect my body and understand which parts are private
<b>2</b>	Piece 4 Boys’ and Girls’ Bodies	recognise the physical differences between boys and girls, use the correct names for parts of the body (penis, testicles, vagina) and appreciate that some parts of my body are private  tell you what I like/don’t like about being a boy/girl
<b>3</b>	Piece 1 How Babies Grow	understand that in animals and humans lots of changes happen between conception and growing up, and that usually it is the female who has the baby  express how I feel when I see babies or baby animals
	Piece 2 Babies	understand how babies grow and develop in the mother’s uterus and understand what a baby needs to live and grow  express how I might feel if I had a new baby in my family

	Piece 3 Outside Body Changes	<p>understand that boys' and girls' bodies need to change so that when they grow up their bodies can make babies</p> <p>identify how boys' and girls' bodies change on the outside during this growing up process</p> <p>recognise how I feel about these changes happening to me and know how to cope with those feelings</p>
	Piece 4 Inside Body Changes	<p>identify how boys' and girls' bodies change on the inside during the growing up process and why these changes are necessary so that their bodies can make babies when they grow up</p> <p>recognise how I feel about these changes happening to me and how to cope with these feelings</p>
<b>4</b>	Piece 2 Having A Baby	<p>correctly label the internal and external parts of male and female bodies that are necessary for making a baby</p> <p>understand that having a baby is a personal choice and express how I feel about having children when I am an adult</p>
	Piece 3 Girls and Puberty	<p>describe how a girl's body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this</p> <p>know that I have strategies to help me cope with the physical and emotional changes I will experience during puberty</p>
<b>5</b>	Piece 2 Puberty for Girls	<p>explain how a girl's body changes during puberty and understand the importance of looking after myself physically and emotionally</p> <p>understand that puberty is a natural process that happens to everybody and that it will be OK for me</p>
	Piece 3 Puberty for Boys and Girls	<p>describe how boys' and girls' bodies change during puberty</p> <p>express how I feel about the changes that will happen to me during puberty</p>
	Piece 4 Conception	<p>understand that sexual intercourse can lead to conception and that is how babies are usually made</p> <p>understand that sometimes people need IVF to help them have a baby</p> <p>appreciate how amazing it is that human bodies can reproduce in these ways</p>
<b>6</b>	Piece 2 Puberty	<p>explain how girls' and boys' bodies change during puberty and understand the importance of looking after myself physically and emotionally</p> <p>express how I feel about the changes that will happen to me during puberty</p>
	Piece 3 Girl Talk/Boy Talk	<p>ask the questions I need answered about changes during puberty</p> <p>reflect on how I feel about asking the questions and about the answers I receive</p>
	Piece 4	<p>describe how a baby develops from conception through the nine months of pregnancy, and how it is born</p>

	Babies – Conception to Birth	recognise how I feel when I reflect on the development and birth of a baby
	Piece 5 Attraction	understand how being physically attracted to someone changes the nature of the relationship  express how I feel about the growing independence of becoming a teenager and am confident that I can cope with this

#### Appendix 4

### Physical health and mental well-being education in Primary schools – what should be included and how does Jigsaw provide the solution?

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
<b>Mental wellbeing</b>	<ul style="list-style-type: none"> <li>● that mental wellbeing is a normal part of daily life, in the same way as physical health.</li> <li>● that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.</li> <li>● how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.</li> <li>● how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.</li> <li>● the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness.</li> <li>● simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.</li> <li>● isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.</li> <li>● that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being.</li> <li>● where and how to seek support (including recognising the triggers for</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Healthy Me</li> <li>● Relationships</li> <li>● Changing Me</li> <li>● Celebrating Difference</li> </ul>

	<p>seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online).</p> <ul style="list-style-type: none"> <li>● it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.</li> </ul>	
<b>Internet safety and harms</b>	<ul style="list-style-type: none"> <li>● that for most people the internet is an integral part of life and has many benefits.</li> <li>● about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content</li> <li>● online on their own and others' mental and physical wellbeing.</li> <li>● how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private.</li> <li>● why social media, some computer games and online gaming, for example, are age restricted.</li> <li>● that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.</li> <li>● how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted.</li> <li>● where and how to report concerns and get support with issues online.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Relationships</li> <li>● Healthy Me</li> </ul>
<b>Physical health and fitness</b>	<ul style="list-style-type: none"> <li>● the characteristics and mental and physical benefits of an active lifestyle.</li> <li>● the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise.</li> <li>● the risks associated with an inactive lifestyle (including obesity).</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Healthy Me</li> </ul>

	<ul style="list-style-type: none"> <li>● how and when to seek support including which adults to speak to in school if they are worried about their health.</li> </ul>	
<b>Healthy eating</b>	<ul style="list-style-type: none"> <li>● what constitutes a healthy diet (including understanding calories and other nutritional content).</li> <li>● the principles of planning and preparing a range of healthy meals.</li> <li>● the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Healthy Me</li> </ul>
<b>Drugs, alcohol and tobacco</b>	<ul style="list-style-type: none"> <li>● how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body.</li> <li>● about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer.</li> <li>● the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn.</li> <li>● about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist.</li> <li>● about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing.</li> <li>● the facts and science relating to immunisation and vaccination</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Healthy Me</li> </ul>
<b>Basic first aid</b>	<ul style="list-style-type: none"> <li>● how to make a clear and efficient call to emergency services if necessary.</li> <li>● concepts of basic first-aid, for example dealing with common injuries, including head injuries.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Healthy Me</li> </ul>
<b>Changing adolescent body</b>	<ul style="list-style-type: none"> <li>● key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes.</li> <li>● about menstrual wellbeing including the key facts about the menstrual cycle.</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>● Changing Me</li> <li>● Healthy Me</li> </ul>

## Appendix 5

### Jigsaw Drug and Alcohol Education Content

The grid below shows specific Drug and Alcohol Education learning intentions for each year group in the 'Healthy Me' Puzzle.

<b>Year Group</b>	<b>Piece Number and Name</b>	<b>Learning Intentions 'Pupils will be able to...'</b>
2	Piece 3 Medicine Safety	understand how medicines work in my body and how important it is to use them safely
		feel positive about caring for my body and keeping it healthy
3	Piece 3 What Do I Know About Drugs?	tell you my knowledge and attitude towards drugs identify how I feel towards drugs
