

The Grange Primary School is committed to providing pupils with enriching and engaging experiences. Therefore, the following 11 experiences have been identified as valuable childhood experiences for our pupils to take part in before leaving The Grange Primary School at the age of 11. They are inspired by the National Trust '50 things to do before 11 and 3/4' (<https://www.nationaltrust.org.uk/visit/50-things>) which engages children in outdoor experiences that will support mental health and wellbeing.
